Comments:
Jennifer Mitchell asked if Travis Gould sent someone to repair the ground in front of a mailbox on the McCard Road. The Town Manager stated that he did. Jennifer wanted to know if the Town was now who she should report it to when there was a problem with a mailbox in Corinth. Travis Gould told her that the only damage that was repaired by the Town was the road in front of the mailbox as there was a large rut there where the mailperson was driving from a group of mailboxes down the shoulder to the next group of mailboxes and water was no longer running off of the road and threatening to undermine the road itself.
After some discussion by the board it was decided that these issues can be brought to the attention of the Town Manager and repairs will be done by the Town if after inspection it is determined that the problem is with the road, or if it is a problem with the shoulder it will only be repaired by the Town if it will cause a problem with the road if left unrepaired.
Roseanne Young asked how road inspections are done. Travis Gould told her that he inspects them and brings the information to the Selectperson’s so that they can direct him in what should be done.

Old Business:
A. There was no discussion of John Allen’s basement flooding as he was not present.
B. Discussion of creating a job description and pay for someone taking minutes for the Select Board was tabled as there have been no applications submitted to date.

New Business:
A. Meeting to discuss the Food Pantry with Bud Drew was tabled as he was not present. Carl Dow asked the Town Manager to contact Bud to see if he wants to be put on the agenda for the next Selectpersons’ meeting.
B. Property Tax Cards and Valuation Reports were passed out to the Selectpersons by Travis Gould for their review. There was discussion about mailing one of them out to each property owner with their tax bill. After the discussion it was decided that a note could be put on the tax bills letting everyone know that they can request a copy be mailed or e-mailed to them if they are interested in looking them over, and also that the Town Manager would be glad to sit down and go over their valuations with them if they have any questions. A short article about the availability will also be put into the Newsletter that will be going out in the June 14th Gazette.

C. New Mail Policy was reviewed and signed.
