New Business:
A. Discussion with Brent Folster with Camden National Bank about a Working Capital Line of Credit Note. He said that the Town has not had a line of credit since 2002. He reviewed the interest rate and that there would be no bank fees and interest only payments. The advances could only be requested by Travis Gould, as Town Treasurer and it could be done by an email request. The Line of Credit would be valid through June 19, 2020. The Town Manager suggested the motion be “I move that the Town of Corinth establish a Line of Credit with Camden National Bank as presented to the Select Board this evening and authorize the Town Treasurer to sign the Line of Credit an any other documents legally necessary to establish it.”

David Dunfee made the motion to approve the Line of Credit. The motion was seconded by Terri Jane Casavant and passed with a vote of 5-0.

Old Business:
A. Discussion with Matthew Dorr about the other estimates he received for the fencing between the Fire Station and his house of 316 Main Street. One estimate was from ADA Fence Company for $8,321.86. He said he had received a verbal estimate from Sebec Fencing for $6,500 and that they didn’t seem willing to give them a written estimate. The Board said they would need something in writing, whether it be a formal estimate or an email invoice in order to approve the funding.

New Business:
C. Donnie Tate, president of the Corinth ATV club, addressed the Board and said that there were some complaints that ATVs were traveling too fast or too slow on the Town roads. He said 25 speed limit signs have been posted, but that is only a suggested speed. ATVs can go the road’s posted speed limit. There was concern that the Select Board would decide to close the Town roads due to the complaints, however the Board said they have no intentions of doing that.
Old Business:
B. The Town Manager handed out Bid specifications for the Town’s Road Paving and gave his recommendations. The Board reviewed the information. David Dunfee made a motion to post for the paving jobs and reach out to some local companies, with Bid Packets due by 1:00PM on August 15, 2019. The motion was seconded by Carl Dow and passed with a vote of 5-0.
C. The Board reviewed and signed the Town of Corinth Note from the Brown Fund.

New Business:
B. Discussion with Keith Ewing of Plymouth Engineering about the generator wiring at the Fire Station. Keith Ewing said that the original building package did not include a generator and he would make sure it would be dealt with.
D. The Town Manager presented three recommended options for the 2019 Mil Rate, 15.65, 15.70, and 15.75. He recommended they go with the 15.70 and have the same due dates as the 2018 Taxes, being due August 1st and interest to begin on September 5th. After some discussion, R. Stanley Bean made a motion to go with a 15.70 mil rate. The motion was seconded by David Dunfee and passed with a vote of 5-0. The Tax Assessment Warrant and Certification of Commitment was signed.

• The Town Manager said that he is still trying to get estimates for the lights for the rec areas, but the companies are quoting out different lights. He is hoping to get it done by next week. The Rec would also want to purchase two additional lights for the walkways. The Rec committee is wanting plugs to be installed about 4’ high on the poles in the court areas. Terri Jane Casavant made a motion to approve the plugs being installed as long as there is a way to put them on a separate timer. The motion was seconded by R. Stanley Bean and passed with a vote of 5-0.
• Charlene Chesley would like Travis to submit a spreadsheet of all his sick time, vacation time, and training/conference times to the Board, in order to keep them informed. Travis Gould said he would provide something to them.
